DURHACK 2024

The UK's Leading Student Hackathon
Championing Community Spirit

About Us

DurHack 2024: the 9th edition of Durham University's 24-hour Annual Hackathon.

DurHack is all about learning something new. We bring together hundreds of the brightest students from around the UK to push the limits of technology. Together, we innovate, develop, and discover.

Who's Organising?

DurHack is organised by Durham University students, supported by the Department of Computer Science.

Having run for 8 years, our team comprises more than 20 experienced organisers capable of handling all your requirements.

"It's run incredibly professionally... it's quite amazing to watch."

Andrew Buckingham
Waterstones Senior Software Consultant

Why DurHack '24?

500 Attendees

100 Projects

Innovation • Diversity • Excellence

DurHack is the UK's leading student hackathon with community, collaboration and learning at its heart.

Benefits

Talent Recruitment: Access the UK's best students (with CVs, challenges, workshops and more)

Brand Awareness: Feature in our opening ceremony, social media, and event stash.

Product Development: Present a challenge using your technologies or tools, mentor the teams, and judge the projects.

Community Outreach: Support pioneering students, and invest in the community with events and workshops.
